

Education

Lighthouse's outreach and education efforts are fundamental to realizing equity and social justice for immigrants and refugees. They are the foundation for the change we seek in West Michigan. In a world of "fake news" and fear-mongering campaigns to vilify immigrants and refugees, Lighthouse's education services are needed more than ever. We visit churches, organizations, colleges, businesses, and schools delivering our informative and thoughtful workshops exploring immigration law and policy and current immigration affairs in the United States.

Book Lighthouse NOW!

Lighthouse's workshop schedule fills up quickly. If you are interested in having a Lighthouse attorney present one of their three engaging and informative workshops at your event, call or visit the website to make a reservation. Honorarium is \$200 per workshop.
